

INTERTERM 1977

mount st. mary's college

INTERTERM BULLETIN

January 3-28, 1977

The Interterm at Mount St. Mary's College is designed to provide a unique educational experience for both students and faculty and make feasible a better use of off-campus facilities for enriching the students' education. During the month of January, students ordinarily concentrate on a single activity. Opportunities for interdepartmental work, for indepth study in one area, for research, for internships, for experience oriented courses, for independent study, for special projects designed by the student, and for travel will be available during the Interterm. Opportunities are also available for students to participate in Interterm experiences at other colleges on an exchange basis.

Full-time students at Mount St. Mary's participate in the Interterm Program as part of the academic year. Students are encouraged to "explore" interest areas both inside and outside of their major department on either the Chalon or the Doheny Campus. A maximum of two Interterm courses (during the four years) may be taken in any one department. Students should also note that a maximum of 6 non-required units in the area of Special Programs, ie. Y courses, may be counted towards a degree.

Enrollment in Interterm courses will be determined on a first come, first serve basis. However, any senior who enrolls in a class during the registration period may have first preference. Students will register for the Interterm during the Fall enrollment period.

Interterm courses may be taken on a grade basis (ie. A, B, C, D, F). Or, a student may, with the instructor's approval, opt to take a course on a "credit/no-credit" basis rather than for a letter grade, provided the course is not taken for a general studies requirement. The student should make her preference known to the instructor at the beginning of the term.

All courses taken during the Interterm period must be completed by the end of January. Incompletes may be given only in extraordinary circumstances and with the consent of the Dean. While the ordinary class load is 3 units, a student may take a maximum of 4 units during a given Interterm.

Interterm offerings are listed on the following pages under the headings of Humanities, Social Science, Natural Science, Religious Studies, Philosophy, and Other. Courses which may be taken to fulfill general studies requirements are listed at the end of this booklet. All courses are offered for three units of credit unless otherwise specified. Thus, the student should plan on devoting her full time (30-40 hrs./week) to the experience she chooses to pursue.

A student who wishes to undertake an independent study during the 1977 Interterm, will be required to submit an outline of her purpose, tentative bibliography, procedure, and target dates to the faculty member who has agreed to direct her study. This proposal must be approved by the faculty member and sent to the Dean by November 15, 1976.

Tuition and residence fees for full time students are determined for the academic year. Tuition for a part time student will be \$75 per unit unless the student is on an exchange agreement from another 4-1-4 college. Room and board for a part time student living on campus during the month of January will be \$160.

Meeting times for some classes are specified. Other classes will meet in the assigned places (to be posted) on the Chalon or Doheny Campus at 9 A.M. on January 3, 1977 and hours/places of future meetings will be determined at that time. In the case of courses involving travel, the student should contact the faculty sponsor and inquire as to the time and place of the first meeting.

It is our hope that you will enjoy an innovative and enriching experience during the 1977 Interterm at Mount St. Mary's College.

INTERTERM CALENDAR

Sept. 4 & 7, 1976	Registration for Fall and Interterm
Oct. 1 to Nov. 15, 1976	Registration for exchange students
Nov. 1, 1976	Deadline for Mount students to apply for exchange
Nov. 15, 1976	Deadline for submission of proposals for independent study
Jan. 3, 1977	Late registration
Jan. 3, 1977	First meeting for all classes
Jan. 28, 1977	Last day of class

HUMANITIES

THE CREATIVE ARTS IN LOS ANGELES Y012/112

Instructor: Sister Teresita Espinosa

Approaches to an understanding and appreciation of the arts; introduction to the world and language of music, art, literature; first hand experience of the rich cultural opportunities in the Los Angeles area--museums, libraries, galleries, concerts, drama.

Eligibility: Open to students with music or art appreciation or consent of the instructor.

Enrollment Limits: 30

Special Costs: Approx. \$40 for tickets & transportation

Location: Chalon Campus/off-campus sites

MODERN ART SURVEY A005/105

Instructor: TBA

A survey of contemporary art in Los Angeles. The experience will include visits to museums, galleries and artist studios. Special lectures and programs will be added when appropriate.

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: approx. \$20 for local transportation

Location: Doheny Campus/off-campus sites

ALL MIRRORS ARE MAGIC MIRRORS: CHILDREN AND BOOKS D092

Instructor: Sister Dorothy Mary Edwards

An introductory course featuring some major authors and illustrators of literature enjoyed by children of all ages. Designed primarily for the person who enjoys children and/or who wants to explore some of the world's finest literature, the course will highlight the works of such authors and illustrators as Beatrix Potter, Lewis Carroll, A.A. Milne, Leo Politi, Ezra Jack Keats and Maurice Sendak. Field trips to the Children's Section of L.A.'s Main Library and to a well-stocked bookstore which features Caldecott and Newbery award books are planned.

Eligibility: Open to all students (Special Note: This course is not intended to fulfill requirements for D134 Children's Literature or Pre-School Literature D034.)

Enrollment Limits: 25

Special Costs: Approx. \$25 for field trips

Location: Doheny Campus MWTh (9-12:20)

MARIONETTES: DESIGN, CONSTRUCTION, AND MANIPULATION Y115

Instructor: Mr. Tony Urbano

Creating a marionette character from a two dimensional design to its actual movement on the stage, each class session concerns itself with the sculpture, carving, painting, and costuming of a marionette. Interspersed throughout each session are bits of puppet theatre history, description of various kinds of puppets, and anecdotes of contemporary puppeteering. Time and facilities are provided between session for the actual construction of the student's marionette.

Eligibility: Some experience in sculpting, design, sewing etc.

Special Costs: \$20

Enrollment Limits: 20

Location: Chalon Campus, MWF (9-12:00 & 1-3)

SHAKESPEARE D073/173

Instructor: Dr. Arnold Davis

An examination of Shakespeare's dramatic art through a reading of several major plays and study of their treatment in a few films and recordings. (3 units)

Eligibility: Open to all students

Enrollment Limits: None

Location: Chalon Campus M-F (10:15-12:15) and Field Experience
TBA

"ALL ABOUT NETWORK TELEVISION" D182

Instructor: Mr. William Dozier

Analyzing and criticizing current television programs and relating to professional criticism thereof; a broad study of administrative, production and creative processes in television; occasional opportunity to question working television producers, performers, and professional television critics, plus occasional visits to television programs in production.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: Admission fees

Location: Chalon Campus

LITERARY FOCUS: THE MAGIC OF CAMELOT D017

Instructor: Sister Joseph Adele Edwards

A study of selected literature involving the legends of King Arthur and his Knights of the Round Table. In addition to reading and discussing the literary works, students will also be involved in an individual or a group project which will re-create the world of Arthur and Camelot, e.g. dress, food, dance, song, customs, etc.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: Possible admission to film or play

Location: Doheny Campus MWF (9-12:20) (tentative)

FIBER DESIGN (OFF-LOOM WEAVING) A009/109

Instructor: Sister Jeanne Marie Reid

The development of design through the understanding and utilization of fiber. Techniques of non-loom weaving, coiling and other fiber processes will be explored.

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: Approx. \$20 for materials

Location: Chalon Campus

DESIGN II A006/106

Instructor: Mr. James Murray

The application of the elements and principles of design to further the development of creative ideas. Includes graphic processes and techniques.

Eligibility: Design I - A002

Enrollment Limits: None

Special Costs: Materials \$20.00

Location: Chalon Campus

TEATRO EN ESPANOL H190A

Instructor: Mrs. Mary Kristian

A play selected from Hispanic literature will be edited, cast, staged and performed for friends in the Spanish-speaking community. Production needs call for students interested in acting, editing, directing, wardrobe, prop and stage management and publicity.

Eligibility: Fluent Spanish

Enrollment Limits: 20

Special Costs: Personal costume/props (\$20 max.)

Location: Chalon Campus

INTERTERM IN MEXICO H001/002/003/004AB/044/144/008ABCD

Instructor: Sister Eloise Therese Mescall

A combination of the study of the Spanish language, at the level appropriate to the individual student, with numerous actual cultural experiences to expand the participants' knowledge and appreciation of Mexico, its language and its people.

Eligibility: Open to all students

Enrollment Limits: None

Special Costs: \$750 (includes \$100 non-refundable deposit by Oct. 1)

Location: Mexico

SPANISH FOR THE MEDICAL WORKER H009

Instructor: Dr. Maruxa Cargill

Basic concepts of Spanish are introduced to make the main content of the course, medical Spanish, easier and more meaningful. Lessons each center on a special nursing situation, e.g. admissions, surgery, X-ray examination, etc. Course includes class demonstration and drill and language lab follow-up.

Eligibility: Open to all students

Enrollment Limits: 25

Special Costs: None

Location: Chalon Campus MTWTh (10-12:30) plus 2 hrs./week lab

JOURNALISM WORKSHOP Y015

Instructor: Ms. Mary Morris

This workshop will focus on technical details of producing a newspaper. Various forms of layout, type and placement of headlines, use of pictures and other art will be studied. Concentration will also be placed on various forms of news writing--news, features, editorials. Field trip to the VIEW's printer will be included. (1 unit)

Eligibility: Open to all students

Special Costs: None

Enrollment Limits: None

Location: Chalon Campus

GRAMMAR WORKSHOP D190

Instructor: Sister St. George Skurla

An intensive study of basic grammatical concepts and terminology--especially useful for teachers, writers, language majors and students who need instruction in formal grammar.

Eligibility: Open to all students

Special Costs: None

Enrollment Limits: 20

Location: Chalon Campus

BEGINNING SPANISH H002

Instructor: Sister Aline Marie Gerber

Develops fundamental skills in speaking, reading, understanding, writing. Intensive use of Language Lab. (1 unit)

Eligibility: Open to students who have had H001 (4 units)

Enrollment Limits: 25

Special Costs: None

Location: Doheny Campus MTWTh (7:30-8:30 am)

SOCIAL SCIENCE

THE CATHOLIC CHURCH: YESTERDAY, TODAY AND TOMORROW K093/193A

Instructor: Sister James Marian Dyer

The scope of this course is to provide the students with a look into the history of the Catholic Church in an effort to understand where it is coming from and where it is going. By necessity not every aspect will be thoroughly covered but it is hoped that by the completion of the course, the events and people which make up the past of the Church will have become better understood and appreciated.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: None

Location: Chalon Campus

EXPERIMENTAL NATIVE AMERICAN CULTURE V015

Instructor: Dr. Michael Heffernan

Examination of the American Indians traditions, life styles, and culture by direct experience. Students will be required to construct abodes, make pottery and plant crops in a manner that was used by coastal Indians of California. Only indigenous materials will be allowed in construction of Indian products. Fishing, hunting, and gathering will be additionally explored as life sustaining activities. The goal of the course will be to 1) teach Indian Culture, 2) provide sensitivity of Indian life style and its relation to fragile environmental ecology, 3) provide opportunity for insight and creativity by action rather than through strictly cognitive modes, and 4) instill competence and autonomy by teaching the mastery of survival skills and environmental awareness.

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: \$30

Location: Chalon Campus Santa Monica Mountains MWF (9-12)

INTERNATIONAL RELATIONS SIMULATION L093/193D

Instructor: Mr. James Delahanty

Simulation involves the use of increasingly complex simulated situations in international relations as a way of experiencing data; analytic schemes are then utilized to organize and generalize the individual and group experiences in a coherent pattern. The schemes are later utilized as a method of comprehending particular historical and contemporary parallels.

Eligibility: Open to all students

Enrollment Limits: None

Special Costs: None

Location: Chalon Campus

MINORITIES IN UNITED STATES HISTORY K093C

Instructor: Sister Marianne Johnson

This course will trace the immigrant experience of Europeans, Blacks, Orientals, and Mexicans in the United States and also research the status of women and American Indians throughout the history of the country in an effort to appreciate the contributions of each group to our modern pluralistic society.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: Approx. \$10 for field trips in the Los Angeles area.

Location: Doheny Campus M-F (9-11)

SOCIOLOGICAL PERSPECTIVES V005

Instructor: Mrs. Mimi Simson

A lecture-laboratory introduction to the discipline of sociology. This basic course presents the vocabulary of sociology; its concepts; the varied aspects of social structure - the community, social stratification; consequences for institutional structure and function of the rural-urban shift; with special emphasis on problems of minorities and of population increase. This course is a prerequisite for all upper division sociology courses.

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: Minimal amount for local travel

Location: Chalon Campus

COGNITIVE ENRICHMENT IN CHILD DEVELOPMENT U190

Instructor: Mrs. Mary Conley

Field study course on the effect of cognitive enrichment procedures on the development of young children. Workshop will take place in Head Start and pre-school settings. The design of procedures and methods of invoking and measuring the extent of cognitive development.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: Approx. \$20 for transportation

Location: Chalon Campus/local Head Start centers

APPLIED GROUP DYNAMICS U146

Instructor: Sister Noreen Cannon

Practical application of group theory and procedure carried out in the classroom. Study of group dynamics by participation in prepared and structured group interactions.

Eligibility: Open to all students

Enrollment Limits: 15

Special Costs: Approx. \$20 for text books

Location: Chalon Campus MTWTh (9-11:30)

CLINICAL PRACTICUM U192

Instructor: Sister Mary Frederick Arnold

This experience oriented course is aimed at developing insight and understanding into the dynamics of mental health and mental disorders by giving the student an opportunity to work in a mental health facility. In addition to her service in a community agency, the student will participate in a bi-weekly seminar oriented towards integrating her experiences and exploring constructive modes of dealing with emotional distress.

Eligibility: Open to students who have had a course in General Psychology and two other Psychology courses.

Enrollment Limits: 10

Special Costs: Approx. \$15 for transportation

Location: Chalon Campus/ Mental Health Center

NATURAL SCIENCE

BAJA TRANSPENINSULAR EXPEDITION B092/192

Instructors: Sister Annette Bower and Miss Marie Zeuthen

The region to be traveled is an incredibly rugged, undeveloped and beautiful stretch of Baja, California. Missions ruins, fishing villages, bird sanctuaries, grey whale breeding lagoons, uncontaminated tide pools, gigantic cardon cacti, groves of date palms, fine white sand beaches, sheltered bays, grape vineyards, jagged mountain terrains rising from arid plains are but a few of the dramatic differences to be examined. With an ecological approach, the course will center on the plant, animal and marine life in relation to the climatic variations and geographical settings.

Eligibility: Open to all students

Enrollment Limits: 25

Special Costs: \$275 (includes \$75 non-refundable deposit by Oct. 1)

Location: Chalon Campus/ Baja, California

ELEMENTARY ENVIRONMENTAL STUDIES T004/104

Instructor: Dr. Stefan Ehrlich

The energy crisis: What is it? What can be done about it? An in-depth look at major domestic energy resources and related environmental problems.

Eligibility: Open to all students who have has Scientific Concepts (T001)

Enrollment Limits: None

Special Costs: None

Location: Chalon Campus

ORGANIC SYNTHESIS Q005B

Instructor: Dr. Sandra Lamb

Lecture one hour; laboratory eight hours. This course provides an experience for the chemistry major in specific organic synthesis procedures. A physiologically active compound or some material useful in further experiments is synthesized. (2 units)

Eligibility: Open to all students who have had Q005A - Elementary Organic Chemistry.

Enrollment Limits: 15

Special Costs: None

Location: Chalon Campus

EXERCISE PHYSIOLOGY B087/187

Instructor: Mr. Geoffrey Anderson

An introductory laboratory and lecture discussion of the impact of physical activity on the structure and healthful functioning of the human body. Topics will include: a) Laboratory measurement of the students' initial fitness, their acute response to moderate exercise, and their fitness level after several weeks of training, and b) Lecture discussion of the acute and chronic impact of physical activity on the heart, lungs, and muscles; the role of fitness in health; and the relationship between fitness and various disease states. Since heart and respiratory ailments are the leading causes of death in industrial countries, discussions will include information on the effectiveness of various types of activity in producing fitness and promoting health. (2 units)

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: None

Location: Chalon Campus

MATHEMATICS LABORATORY S099

Instructor: Sister Mary Louise Collette

This course is designed to give the student an opportunity to review and/or learn those topics in mathematics for which she feels a need or in which she has an interest. The learning is self-paced, and the instructor works individually with each student in problem areas. (1 unit)

Eligibility: Open to all students

Enrollment Limits: None

Special Costs: None

Location: Chalon Campus

RESEARCH Q199

Instructor: Dr. Hallie Bundy

Eligibility: Students must have consent of instructor

Enrollment Limits: None

Special Costs: None

Location: Chalon Campus

RELIGIOUS STUDIES & PHILOSOPHY

13

MEDICAL MORAL PROBLEMS P168B

Instructor: Sister Miriam Therese Larkin

A study of the ethical, social and legal issues involved in contemporary medical developments: genetics and birth, behavior control, experimentation, death and dying, truth-telling in medicine, scarce medical resources, and others.

Eligibility: Prerequisite - Philosophy 21

Enrollment Limits: 15

Special Costs: None

Location: Chalon Campus MTTh (9-12:30)

EDUCATION FOR JUSTICE X099/199

Coordinator: Sister Margaret Ellen McGraw

An experience-oriented course in which students will surface and critically examine their values, perceptions, stereotypes and priorities. Off-campus experience in a variety of situations in which persons and groups are working toward the creation of a just society will be an essential feature in the course. Simulations; prayerful reflection; group dynamics; films and guest speakers will be included.

Eligibility: Open to all students

Special Costs: \$10

Enrollment Limits: 20

Location: Doheny Campus/off campus sites

WISDOM LITERATURE OF THE OLD TESTAMENT X142

Instructor: Sister Joan Henahan

Selected books from the Wisdom of Israel, showing the religious philosophy and insight into human nature of the pre-Christian era. Course deals with human problems including suffering and death.

Eligibility: Prerequisite - X003 or X004

Enrollment Limits: 30

Special Costs: None

Location: Chalon Campus

THE BIBLE AS LITERATURE D022/122

Instructor: Sister Laurentia Digges

The Bible as art, shaped by human artifice. A course about Bible people and their free choices. These people come alive in the literature through the storyteller's techniques of plot, theme, images, voice, progress toward change.

Eligibility: Open to all students

Enrollment Limits: 30

Special Costs: None

Location: Chalon Campus M-F (10-12)

MARXISM: A CRITIQUE OF CAPITALISM P172

Instructor: Mr. Robert Gordh

Students will have an opportunity to confront some of the main sorts of arguments advanced by contemporary Marxists in opposition to capitalism and in favor of socialism. Special emphasis will be placed upon consideration of Marxist criticisms of present day American capitalism. Readings will include not only some rather theoretical writings (e.g. certain of Marx's works) but also analyses of certain specific aspects of American capitalism and descriptions of features of present day Marxist societies (e.g. Red China).

Eligibility: Open to students who have has 2 Philosophy courses or 2 political science courses or one of each.

Enrollment Limits: 15

Special Costs: \$15 for books

Location: Chalon Campus M-F (10-12)

PROFESSIONAL PREPARATION

15

MATHEMATICS IN THE ELEMENTARY CURRICULUM C115B

Instructor: Sister Mary Evelyn Flynn

This is a study of the child in the elementary school curriculum with an emphasis on the part that mathematics plays in his total development. The general principles of modern mathematics, objectives, instructional techniques, and materials are studied. Diagnosis and evaluation of achievement as well as observation, participation, and, when possible, teaching in classroom situations are included.

Eligibility: Open to all students who have completed S050/350

Special Costs: Transportation to local schools

Enrollment Limits: 30

Location: Chalon Campus/local schools

SCIENCE AND SOCIAL STUDIES IN THE PRE-SCHOOL AND EARLY ELEMENTARY CURRICULUM C038C

Instructor: Mrs. Doris Harris

A study of the child in the pre-school and early elementary school curriculum with special emphasis on the teaching of science and social studies. This course includes an understanding of general principles, instructional objectives, procedures and materials, and the evaluation process. Observation and participation in actual classroom situations, pre-kindergarten through grade three, are a part of this course. Some supervised teaching is included.

Eligibility: Open to all students

Special Costs: None

Enrollment Limits: 30

Location: Doheny Campus

TEACHING OF (MAJOR/MINOR) IN THE SECONDARY SCHOOL C125D

Instructor: Mr. Verle Lubberden

A study of the rationale underlying the content, placement, and methodology as it specifically relates to the teaching major and minor. This course includes practice in the development and use of materials and equipment for teaching in the junior and senior school. Observation and participation in the classroom is a part of this course. (2 units) (Contact advisor regarding course number).

Eligibility: Open to single subject credential candidates

Special Costs: None

Enrollment Limits: 30

Location: Hamilton High School M-F (9-11)

CAREER PLANNING SEMINAR Y015

Instructor: Dr. Mariette Sawchuk

The seminar takes you through the three phases of Career Planning. You learn techniques with which to assess your interest and skills. You find out how to do research on labor trends, on industries and on individual companies. You practice such job search techniques as resume writing and interviewing. (1 unit)

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: None

Location: Chalon Campus

DIAGNOSIS AND PRESCRIPTION C114/124

Instructor: Sister Regina Clare Salazar

Instruction in techniques of evaluation and diagnosis of learning problems. Case studies and laboratory participation are utilized to aid students in translating diagnostic findings into prescription. (1 unit)

Eligibility: Open to all students

Special Costs: None

Enrollment Limits: 30

Location: Chalon Campus/Local Agencies

OTHER

SILVA MIND CONTROL or PSYCHORIENTOLOGY Y015

Instructor: Mr. John Magera

A program of subjective education to expand areas of awareness by developing self mind control. The course includes considerable experiential material to enhance control of subjective functioning and abilities in the areas of: creativity, feelings, improved memory functioning, intuition, problem solving and physiological tension reduction. Lecture material includes: relationship to brain wave activity; habit formation and correction; types of conditioning; and relationship to Meditational programs. (1 unit)

Eligibility: Open to all students

Enrollment Limits: None

Special Costs: \$100 (deduction of \$30 for full time students)

Location: Chalon Campus MTTh (6:30-10:30 pm)

"THE ENCHANTED PUEBLO" Y033

Instructor: Sister James Marien Dyer

This experience-oriented course is intended to introduce the students to the history of California by exploring Los Angeles. Through actual visits to the missions, the Plaza and other sites of old Los Angeles, the participants will come to a fuller understanding of "The Enchanted Pueblo".

(1 unit)

Eligibility: Open to all students

Enrollment Limits: 20

Special Costs: approx. \$15 for transportation

Location: Chalon Campus/Old Los Angeles

THE OTHER FACE OF LOS ANGELES Y015

Instructor: Mrs. Patricia Alzobaie & Sister Mary Helen Pettid

A teeming metropolis, such as our city of the Angels, has many faces. Hidden behind the freeways and suburban living are people chanting Buddhist chants, tons of produce arriving, fascinating areas with cultural groups living in Old World style, courts, jails, music makers, wood carvers, and all manner of surprises around every turn. This course will explore this other face of Los Angeles, visiting many off-beat places of interest. The participants will complete the course with a greater love and understanding for this city and the people who make it fascinating.

Eligibility: Open to all students

Special Costs: Gas, meals during trips (approx. \$75)

Enrollment Limits: 30

Location: Doheny Campus/off campus sites

THE MODERN SUPERMARKET: A MAZE M030/130

Instructor: Ms. Mary Daily

A look at the modern supermarket from both sides of the counter. Marketing techniques designed to lure shoppers into buying as well as steps toward making a successful trip through the market. Topics will include: nutritional bases for making food selections, pricing tactics, store layout, packaging puzzles, nutritional labeling, open dating, and the buying of non-food items in the supermarket. Field trips to local grocery markets will give students an opportunity to put into practice the principles of wise good buying.

Eligibility: Open to all studentsEnrollment Limits: NoneSpecial Costs: \$15Location: Chalon Campus

TRIMNASTICS Y015

Instructor: Miss Joyce Jones

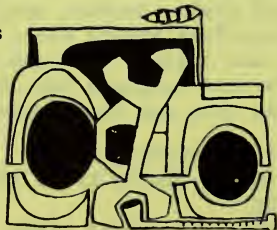

Do you want to lose weight, inches, bulges, without starving to death? Trimnastics will do this for you. Get in shape or stay in shape. Every body needs it. ($\frac{1}{2}$ unit)

Eligibility: Open to all studentsSpecial Costs: NoneEnrollment Limits: NoneLocation: Chalon Campus

AUTO MECHANICS Y015

Instructor: TBA

The physics of the internal combustion engine with emphasis upon the practical aspects of diagnosing automobile engine malfunctions is studied. Direct experience will be given in tuning engines and making minor repairs. Students will be given the opportunity to work on their own cars.

Eligibility: Open to all studentsSpecial Costs: Cost of repair parts (approx. \$15)Enrollment Limits: 30Location: Chalon Campus

INFORMATION THE LIBRARY HAS FOR YOU

Y015

Instructor: Mrs. Dierdre Ford and Library Staff

This experience oriented course is designed to acquaint students with the resources and services of the library and to develop the library skills to do research for term papers, etc. Fieldtrips to various Los Angeles Libraries will be arranged. (1 unit)

Eligibility: Open to all students

Special Costs: None

Enrollment Limits: None

Location: Chalon Campus
